

STANDING ORDER FOR BALTIMORE CITY PHARMACISTS

Pharmacists may dispense any of the following naloxone formulations.

Check formulation dispensed:

- Narcan:** Nasal Spray (4mg of naloxone hydrochloride in 0.1 mL).
2 pack kit (up to 2 kits)
Directions: Spray into one nostril. May repeat x1, if no response after 3 minutes.
- Evzio:** Auto-injector (Naloxone 2mg). 2 pack kit (up to 2 kits).
Directions: Use as instructed by device. May repeat x1, if no response after 3 minutes.

For more information about naloxone visit www.dontdie.org

For substance use treatment, call the 24/7 Crisis, Information, and Referral Line:
(410) 433-1575.
